

OUR ECO CODE

- 1. We try to make our school welcoming to the wild life. We make a garden for wild animals and plants to live with us happily. We take these ideas home with us and tell our friends and family.**
- 2. We learn about recycling and understand its importance. We spread this message.**
- 3. We aim to stay healthy and help the world to stay healthy too. We eat well and exercise well.**
- 4. We use as little power as possible and reduce the cost of our energy. We learn about the world in our lessons and understand we are just one small part of it.**
- 5. We listen, we question and we think about things that happen around us.**
- 6. We always try to remember everybody is equally important.**
