6<sup>th</sup> September 2013

Dear Parents and Carers

We believe it is very important for the children during their time at Smallwood School, to have as many different first hand experiences as possible, as this increases their vocabulary and gives them a wide range of learning to draw on.

During their time here they will have regular opportunities to explore many different activities, for example, tasting food from different cultures, stroking visiting animals and exploring our local environment on seasonal 'welly walks'.

As a Church School we have strong links with St John's Church and regularly visit for services and practices for the Nativity Plays, which take place in such beautiful surroundings.

In order for your child to participate in these activities I need your written permission and any information about allergies, (food or fur). I would be grateful if you could return the slip below before next Friday the 13th September, so that your child can join with us as we start another exciting year at Smallwood School.

You will only be required to give permission once for your child's school career and we will keep the form on file until your child leaves us. Should any circumstances change particularly regarding any medical issues please contact school immediately so we can ensure everyone is aware.

Thank you

Mrs B Edleston  
Head teacher

My Child: \_\_\_\_\_

Can take part in food tasting activities YES / NO

Can take part in animal petting activities YES/ NO

Has an allergy to: \_\_\_\_\_

Can visit Church YES / NO

Can take part in supervised activities in the local area including 'Welly Walks' YES / NO
